SUPPLEMENT TO REPORT NO.

25X1

In the third quarter of 1952, the following deliveries of crude oil are to be made from Austria to Czechoslovakia:

	Place of Destination	Type of Oi	il (in tons) araffin
July 1952	Kolin (051/138)	4,600	3,000
	Pardubice (051/1779)	5,000	6,000
	Ostrava (P50/059)	2,000	3 <u>,</u> 500
	Bratislava (P49/X99)	4,000	2.8.2.6.2
	Total of Planned deliverie	s 15,600 tons	12,500 ton

- 2. The planned delivery of 58 60 octane gasoline for the third quarter of 1952 is 12,000 tons. Shipment will be made to the Benzinol company.
- 3. Diesel oil deliveries for the third quarter are planned at 30,000 tons. Of this amount the Stalinovy Zavody plant in Zaluzi u lbstu (N51/F62) will receive 14,000 tons as follows:

July 1952 4,000 tons August 1952 4,000 " September 1952 6,000

The remaining 16,000 tons of diesel oil will be distributed to the Benzinol company.

The Czechoslovak term "plynovy olej" has been translated as diesel oil in this report. In previous reports it was translated as "gas-oil".
